

Responsibility Workshop

Towards a critical analysis on RRI in the Mining Industry

19th March 2015

Santiago, Chile

Responsible Research and Innovation in the
Mining Industry

Outline Agenda

08:30 – 09:00	Registration
09:00 – 09:10	Director's Welcome & Presentation of the Workshop, Javier Ruiz del Solar – AMTC
09:10 – 09:30	Coordinator's Presentation of the Agenda and Procedure, Zaharya Menevidis – Responsibility
09:30 – 10:00	RRI Application and Governance, Elena Tavlaki – Responsibility
10:00 – 10:30	RRI Automation in mining industry, Javier Ruiz del Solar – AMTC
10:30 – 11:00	Mining in Chile: A platform for the future, Gonzalo Rivas - President CNIC
11:00 – 11:15	Coffee break
11:15 – 11:45	Continuous Conversion Reactor Introduction/Problem/Current state of activities, Leandro Voisin – AMTC Main Obstacles for Responsible Continuous Conversion
11:45 – 12:00	Discussion: Responsibility in Continuous Conversion Reactor– what does it mean? What are the Challenges?
12:00 – 12:30	Resource efficiency: Effective Use of Water Introduction/Problem/Current state of activities, Rodrigo Fuster – UCH, James McPhee – AMTC Main Obstacles for Responsible Water Management
12:30 – 12:45	Discussion: Responsibility in Resource Efficiency – what does it mean? What are the Challenges?
12:45 – 14:00	Lunch break
14:00 – 14:45	Group A / Group B Governance Policy, Science and Society: Regulations, Civil Engagement, Business Responsibility, Training Material Group discussions: aggregation of findings and potential solutions e.g. How to embed RRI in the design of the research and innovation, How to implement RRI in projects? (Moderation: RESPONSIBILITY)
14:45 – 15:30	Group A / Group B Wrap-up per Session: Legal & Ethical issues, Safety, security, privacy, ecology, societal implications
15:30 – 16:00	Coffee break
Joint Session	
16:00 – 17:00	Presentations: Each Group (A, B) presents findings and recommendations in Plenum: Current Challenges Stakeholders Perspectives: NGOs. Engineering Sciences, Politics Recommendations for Regulation
17:00 – 18:00	Final Discussion: Synthesis of Workshop: How to achieve Responsible Research and Innovation in Mining? E.g. What are the benefits of a RRI community? How to build a sustainable RRI community? What do we mean by institutional changes in research performing organisations? How to implement institutional changes to foster RRI
End of Workshop
